“THE CATTLE SHOW” ON RFD TV TO PRODUCE A BELGIAN BLUE SHOW

We are very delighted to inform everyone of the up coming show for Belgian Blue cattle. Late in September the ABBB was approached by a production company that produces “The Cattle Show” on RFD TV to do a breed spot on the Blues. After much discussion and a presentation by Hot Shot Videos, we have proceeded with the show. The show will be a general informative production on the Blues that will benefit all of the ABBB breeders. The show is currently scheduled to air on Dec. 18, 2007. This doesn’t seem like much time to prepare but the cost of the production raises 25% in 2008. Therefore the decision was made to go for the December airing. The show will be aired four times that week and then be available on “The Cattle Show” website 24 hours a day for 90 days. With this exciting opportunity we are trying to get everything up to date such as the website, classified ad and membership directory.

If for some reason your membership is not up to date for 2007 and you would like to continue to have your name listed in the membership directory on the ABBB site please send a check or contact Glenda on your standing. This is an exciting marketing opportunity for our cattle.

Realizing the short notice, it would be advisable for everyone to be prepared for an explosion of interest in the cattle. This has been experienced by other breed associations that have been featured on “The Cattle Show”. So with a short warning everyone might be prepared for

more interest in the breed making sure all their information is up to date. If anyone has any questions or comments please contact Connie Brooks at 417.840.5464.

THE LOSS OF DR. ROGER HANSET -BELGIUM

The office was informed that Dr. Hanset passed away on Tuesday November 6 in Belgium. Dr. Hanset was the chief genetic force in the development of the Belgian Blue cattle. He is considered the “Father of the Belgian Blue Cattle”. He had visited the U.S several times and was part of the conference at Clay Center. This will be a great loss to the Belgian Blue world. Our thoughts go to his family and those he worked with across the world.

NATIONAL SHOW AWARDS IN DES MOINES, IOWA GO TO DESHAZO FARM AND JONES CATTLE CO.

Belgian Blue cattle breeders from across the country took home top prizes and banners in their breed show Thursday, August 16, at the 2007 Iowa State Fair. The Belgian Blue breed allows cattle with low and high percentage bloodlines, as well as purebred animals, to register and participate in designated classes in the competition. The National Event included the show, membership meeting, annual dinner and a benefit auction.

Michel Lamarche from Gérompont, Belgium, was the 2007 National Show Judge. The percentage show of the National Show was judged by Harold Brubaker of Asheboro, NC. "The show was a huge success for the breed. We had an excellent show with very high quality cattle viewed by a large crowd of spectators." C. Brooks – President, American Belgian Blue Association.

KEEPING UP

DNA

Please send all samples directly to the lab to keep the system accurate. All samples need to be sent to the lab with the necessary paperwork from our ABBB office. Thanks for your help.

DATABASE

Please help us keep our database up to date. Let us know of any changes in email address, street address, and phone numbers. It is very important in order to refer potential breeders.

Also it is very important to keep the office informed of animals listed in the classified ad that have been sold. Thanks!

NEWSLETTER

Members are encouraged to use the classified ads in the Newsletter and on the **ABBB** website free of charge for your registered cattle. Please call or email the office with your ads
